

GREAT CAREER OPPORTUNITY
LOCATE TECHNICIAN

USIC is one of the nation's fastest growing underground utility locating companies. By locating underground utilities, we are protecting the communities where we live and work.

Daytime, full-time **Locate Technician** positions are available throughout the greater Chicago area.

Locate Technicians are responsible for the correct, safe and efficient locating of underground utilities including telecommunications, electric, power, cable TV, gas, water and sewer systems. This includes taking time to thoroughly search for underground utilities in an area, properly marking the location, completing the necessary paperwork, and photographing each locate.

Our "mobile office" approach to work means that you will never have the same day twice. Our Locate Technicians work from a company vehicle utilizing our state of the art ticket and claims management systems to ensure clear and complete markout services for the excavator or property owner.

Prior locating experience is not required. Take the first step toward starting your locating career and apply today!
