REGULATIONS REGARDING DEMOLITIONS WITHIN LANSING

- J.U.L.I.E. Notification required
- A pre-demolition inspection by this office is required
- Accessory structures will be completely removed with main structure
- A copy of the Cook County Demo permit is required before permit is issued
- Letters from ComEd, Nicor and Lansing Water Department are required stating utilities have been abolished
- All traces of the structure will be removed-no portions of structure to be buried
- All sidewalks, steps, retaining walls, pavings, wells, and cisterns will be removed
- Clean approved backfill soil will be compacted in 6 inch lifts
- Subject property will be compacted, leveled, and seeded with straw at completion
- Some properties may require IL. EPA notification and abatement
- All water and sewer removal to comply with Public Works guidelines (708)895-7190
- Install construction fence to protect site until completion

I agree to the above conditions and regulations. I understand that the permit may be terminated and a STOP WORK ORDER may be placed on this project if the contracting company fails to adhere to the above regulations.
